

ASSUMPTION OF LIABILITY

I, _____, understand that by permitting _____
(Vehicle Owner's Name) (Rutgers University Member's Name)

to register my vehicle under his/her CTPS parking account, I am accepting full and equal responsibility for any infractions, penalties, damages, risks, and/or fees associated with such vehicle registrations at the Rutgers University - Newark campus. I have been made fully aware that registration of another person's vehicle is against Rutgers University's policy, and I understand that being exempt from that policy only comes as a result of my personal request and/or authorization to allow another party to register my vehicle under that party's name and account. By virtue of my signature placed below, I hereby accept full and/or equal responsibility for any and all liabilities that may be associated with my vehicle and the account to which it is being registered. Requests to terminate a relationship must be made in writing and submitted to the Office of Commuter Transit and Parking Services, relationships can only be ended at the time the current permit expires. It is against the policy of the Office of Commuter Transit and Parking Services for any Rutgers University Member to register a vehicle belonging to any other Rutgers University Member.

Owner's Signature _____
DL Number _____
Date _____

RU Party's Signature _____
